

Designed to be an all-in-one solution, *Connect Composition Canada* provides engaging and personalized support for grammar, writing, reading, and research. To ensure ease of use, the entire platform was built to be inviting and intuitive for students and instructors. Get Connected. Get Results.

- 1 **LearnSmart Achieve:** Continually adaptive instruction and practice for grammar, reading, writing, and research skills. The 3 part program provides personalized support. **Tune In** section assesses knowledge gaps, **Focus** section instructs students in those areas of weakness, and **Practice** section allows students to test new learning.
- 2 **Essentials eHandbook:** Basic online handbook covers key topics in writing, research, documentation, and grammar.
- 3 **Customizable Writing assignments:** Within Connect Composition Canada instructors have the ability to create their own individualized writing assignments. Utilize Connect's easy-to-use interface to create and seamlessly grade your student's writing assignments, blogs, and discussion board assignments. With Connect instructors are able to track their students' progress and time spent on their writing assignment.
- 4 **Peer Review Writing Assignments:** This easy-to-use assignment tool allows instructors to seamlessly set up peer review assignments for the entire class.
- 5 **Outcomes-Based Assessment and Reporting Tools:** Connect Composition Canada gives instructors the power to assess students, sections, courses, and entire writing programs based on the WPA Outcomes Statement for First Year Composition or on the learning outcomes they create for their course.
- 6 **Discipline-Specific Writing Activities:** A wealth of writing prompts and interactive activities are available to be assigned. These exercises are Canadian and tied to specific disciplines to help engage students.
